# ATMO<sup>tex</sup> ABSORBERpanel

## Modern acoustics – with perfect finish

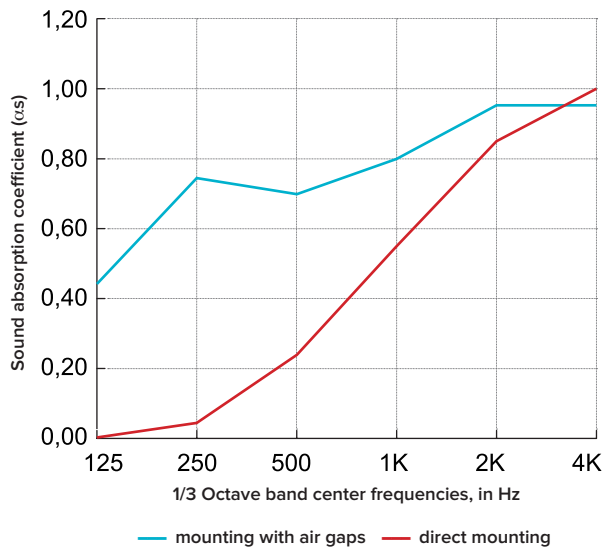

This highly customizable broadband absorber panel is state of the art in terms of design, acoustic properties and security. We use mechanically and thermally consolidated nonwoven fabrics made from recycled PETbottles to create a very versatile self-supporting element, which can be fixed using conventional fasteners. Thanks to our state of the art production facilities we are able to fulfil virtually all design requirements.

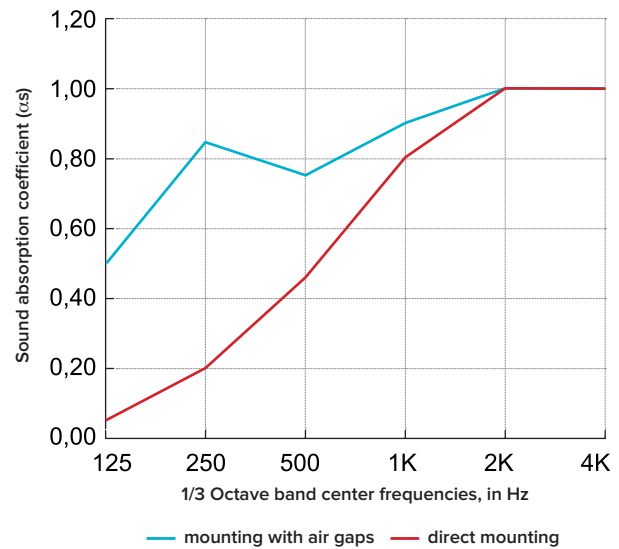

- Highly sound-absorbing
- Flame retardant
- Solid panel with low weight
- Skin-friendly
- Recyclable
- Without chemical additives
- Durable and moisture-proof
- Hypoallergenic
- Certified according to ÖKOTEX Standard 100
- Mold resistant

**ATMOtex 40 mm**

### STANDARD RANGE

| Thickness (mm) | Length (mm) | Width (mm) | Weight (gr/m <sup>2</sup> ) | Colour             | EN13501-1 |
|----------------|-------------|------------|-----------------------------|--------------------|-----------|
| 10             | 2.400       | 1.600      | 2.000                       | dark grey mottled  | B-s1, d0  |
| 20             | 2.400       | 1.600      | 2.000                       | dark grey mottled  | B-s1, d0  |
| 25             | 2.400       | 1.600      | 2.800                       | light grey mottled | B-s1, d0  |
| 40             | 2.400       | 1.600      | 3.200                       | white              | C-s2, d0  |

Available in other dimensions, densities, thicknesses and colours on request

### PROCESSING OPTIONS

| Dimension Colour Shape                 | Farbe                          | Form                                |
|----------------------------------------|--------------------------------|-------------------------------------|
| Largest possible size 3.100 x 2.205 mm | Any colours from RAL, NCS, ... | Design of acoustic objects possible |
| Any desired shape                      | Coloured inserts               | 3-D-moulding                        |
| Kerfless cutting                       | Edge coating                   |                                     |
| V-Cut, bevel, grooves                  | Veneering                      |                                     |
